

GoCPS

Here are some important pointers to keep in mind while applying

Editing Applications

After you submit your application, you still have the opportunity to re-rank, add, or remove programs until the deadline on December 22. To edit an online application, login to your GoCPS account and click "Edit Application." To modify a paper application, contact the Office of Access and Enrollment at 773-553-2060 or gocps@cps.edu to request an Application Modification Form.

Events

Open houses and network fairs are important opportunities to learn more about the schools and programs in which you are interested. They provide a chance to interact directly with leaders and receive answers to questions in person. There are a wide variety of events happening all across the district, and you can find out which ones you may want to attend by utilizing the GoCPS calendar. We're adding new events each week, so check back frequently or add events from the website directly to your computer or smartphone's calendar.

Explore Various Options

Be sure to consider applying to a wide range of programs -- explore programs without eligibility requirements as well as those that have eligibility requirements. You should only apply to programs where you would accept an offer if you receive one, but the more programs you apply to, the better your chances of receiving an offer.
